

VIKANG NEWS

VOLUME 48 ISSUE 1

FEBRUARY 2009

Report From

MG Larry Shellito

With the beginning of the New Year we find deployments continuing, recruiting amazingly successful, and the performance of our soldiers and airmen praised by key senior military leaders all across the country. The dynamics that are occurring across the world are forcefully saying things will change whether we are prepared or not. The national media's focus on the world economy, unethical business practices, and continuing violence both at home and abroad are examples and will impact the future roles and missions of the National Guard.

One of my key priorities for this year is preparing for a 'new normal'. This implies that we need to seriously look at future expectations of the National Guard from the eyes of our soldiers and airmen, their families, employers, and communities. One example is the fact we now have the greatest number of combat veterans in our ranks since WWII. We also are being viewed as an operational force which means continuing deployment – both at home and abroad. New equipment, technological advances, the new enemy and home security all signal change for the way we do business.

I challenge each of us to look into the future and then work to shape our National Guard and our Association to ensure we remain a reliable, relevant, and respected force. If we do so, we will excel in developing our formations in this 'new normal' environment.

Presidents Report

LTC Robert Intress

To all the Soldiers and Airmen of the MN National Guard, I hope that this edition of the VIKANG NEWS finds you well, warm, and healthy! As we begin 2009, fresh off of the historic Inauguration, our nation is filled with hope for better times. At the time of this

publication we are saying farewell to the MG Nash and 34th Infantry Division as they begin their historic deployment to OIF and support the Global War on Terrorism, we wish them safe travels and a safe return.

On the National Level, as Congress debates plans to formulate and implement an Economic Stimulus Package (ESP) to create jobs and turn around our economy, we (NGAUS) suggest that National Guard military construction (MILCON) projects represent a ready-made solution to improve readiness and put people to work across our country.

Army and Air National Guard facilities are located in over 3000 communities, and historically have had a backlog of construction projects that are "shovel ready" but lacked funding due to constrained MILCON budgets (lists of these "shovel ready" projects are being coordinated with adjutants general in the states).

When completed, these construction projects will enhance the Guard's ability to operate and train Soldiers and Airmen, which ultimately improves readiness for both combat operations and stateside homeland defense and disaster response.

To enable the National Guard to take advantage of possibly well over a billion dollars of military construction funds, leaders throughout the states are moving quickly. Additional provisions which must be addressed include; a waiver for the state's 25% share of construct costs for Army National Guard (ARNG) facilities and providing flexibility in applying the funding necessary to purchase furniture and other equipment that will be used in these facilities.

NGAUS urges states to immediately contact their Senators and Representatives to garner their support for this initiative. The potential to make a significant and positive impact on

readiness and job creation is before us and we must act fast.

TAKE THE FOLLOWING ACTION:

By using the "Write to Congress" feature on the NGAUS Web site at www.ngaus.org or <http://www.ngamn.org/index.php> you can immediately e-mail your Senators or Representative. A sample letter is included in our "Write to Congress" feature. You can e-mail the pre-written message or edit the sample letter as you desire. This is the quickest and most effective method of expressing your views to Congress.

The NGAMN is continuing our scholarship program this year as well. Last year's winners were Rachel Miller, daughter of LTC Tom Miller and CPT Jacob Helgestad from 2-135 IN. This is an excellent opportunity for our paid members / or their children to receive some additional assistance for college education. Please find this information at: <http://www.ngamn.org/scholarship.php>

To succeed in our legislative efforts, we need to be credible. We do that by insuring the lawmakers that the association represents all of the National Guard leaders in the state. In the last few years, our membership level has been average, about 60 percent, when compared to all other state associations. Our neighbors Wisconsin and Iowa have managed to have 100 percent membership for the last few years.

We as an association need to support our Army and Air National Guard. And, we begin doing this by showing strong membership in our association. Then, when we contact our federal and state law makers, they know that we are united for our cause.

Minnesota has some of the best Air Guard units in the United States. Our Army Guard units are also considered some of the best. And Minnesota Army

National Guard efforts to recruit and retain soldiers have been about the best in the United States at this point in time. It is time that our Association becomes one of the best in the United States as well. It's not free to fund the actions of those who are working to further our interests. The only way we can do that is through our membership, and our levels have been low in the past few years which is unfortunate because then our voice is not as loud. We must encourage eligible members to join our organization and to participate in the efforts we put forth. The 2009 membership forms are online at the NGAMN website:

<http://www.ngamn.org/index.php> (on left tool bar look for "Join or Pay dues online" you can do this with your credit card, with the assurance of our secure site. You can join either on line via credit card or complete the application and mail it and a check to:

NGA-MN headquarters.
Walt Schulz
3530 E. Medicine Lake Blvd,
Plymouth, MN 55441

Finally, I encourage each of you to attend our state conference this year which will be held in Mankato, MN the 24-26th of April. It promises to be an enjoyable and worthwhile event for all. Registration can be accomplished via our NGAMN website as well.

Thank you for your time and attention to these matters. And, thank you for your service to our great state and to the United States of America.

Executive Directors Report

CW5 (Ret) Walter D. Schulz

The month of January 09 is history. I hope everyone's New Year has been good so far.

As the memberships for 2009 are processed at the NGAMN office, I am reminded of a comment made by our President LTC Intress that MEMBERSHIP is his 1st priority. So, fellow officers and retirees once again we need your help with our 2009 membership drive. You can obtain a 2009 membership application form from your group representative or one can be found by visiting the web at NGAMN.ORG and a 2009 membership enrollment form is included in this newsletter.

By joining the association you are conveying to state and National Congressional delegations that the guard is a vital cornerstone to National Defense on Capitol Hill. Your membership in these

two associations makes it possible for this association to work for you (as a Guardsman) both at the state and national levels.

In other news the NGEDA Conference convened in Nashville, TN 24 – 27 January, which I attended with my spouse. We received updates on 131st General Conference slated for Sep 10-13 2009 in Nashville, TN from NGAUS and host-state planners. There was a tour of conference facilities, which this year will be all under one roof at the Gaylord Opryland Resort Hotel and Convention Center. Gaylord Opryland Hotel is the largest non casino hotel in the world. Mark your calendar now and make plans to attend. More information and registrations forms on the 131st Conference will be provided at our State conference.

Our annual state conference is being held in Mankato on 24-26 April 2009 at the Alltel Center. Registration form enclosed elsewhere in this newsletter and are also available on our web site: NGAMN.ORG. We will be holding the silent auction again this year. Please pass the word that donations for the auction are greatly appreciated.

We have started our corporate sponsorship drive for 2009. To date we have received one new corporate sponsor for 2009. If you know of anyone or business who is interested please have them visit the website: NGAMN.ORG or I can be contacted via e-mail: excdir2@aol.com or by phone, 763-545-1391 cell 763-218-4059

Our thoughts and prayers go out to 34th ID and their families that are deploying the month of Feb and for all others who are currently deployed.

Once again help LTC Intress, President of the NGAMN making 2009 a banner year for membership by joining the association. Thanks!

133rd Airlift Wing

Lt Col Bob Niesen

Greetings from the 133rd Airlift Wing! The wing is busily involved in the reintegration of members returning from their recent Air Expeditionary Force (AEF) deployment. The vast majority of wing members along with three aircraft were deployed to Bagram AB, Afghanistan where they provided airlift support throughout southwest Asia. Although Bagram AB was the primary deployed location, the wing had members deployed around the globe. Family members and co-workers were

eager to see these folks safely home and are diligently working to reintegrate them back into home-life. An upcoming military ball in February, is the capstone event to celebrate their return and is certain to be a memorable event.

With the AEF rotation behind us, 2009 will be a year of training, preparation, and evaluation. Aircrews will undergo a standardization evaluation in April, the wing will undergo an environmental, safety, and occupational health evaluation in May, and the wing will participate in a training exercise at Volk Field, WI also in May. This training exercise is one of the major readiness training events scheduled for the wing in 2009 and is in preparation for an operational readiness inspection scheduled for March 2010. Of course, a requirement to fulfill real world missions still exists with the major event of the summer being Joint Enterprise rotations to Germany over the summer months.

Elsewhere in this newsletter, you'll see information on the 24-26 April state conference in Mankato, MN and 2009 membership renewal information. Association membership is an important aspect of your Guard career and is especially important with the transition to a new administration and a new congress. Membership can be renewed on-line in only a few minutes, so don't procrastinate, do it today!

Retired Article

MAJ (Ret) Carl Madsen

1. Veterans efforts at the State Office Building

If you have time and want to help out the National Guard, consider going to the State Building near the capital and talking to your representatives from the house and the senate. This effort on your part will help the Minnesota National Guard and veterans from the state by showing that you care and are willing to participate in the legislative process. The items you discuss with your representative can focus on veterans initiatives, getting veteran owned businesses to select Minnesota, giving disabled veteran-owned businesses the same benefits that women-owned businesses have, and taking care of veterans that are returning from deployment (Beyond the Yellow Ribbon).

2. Membership of retirees

Did you know you retired officers and retired warrant officers can be a life member of the state and national organizations for only \$175? It's a one-time payment which can be made

online or by sending Walt Schulz a check. Get your friends to join, the more retired officers and warrant officers that join enables us to have a stronger voice at both state and national.

3. Dinner at the state convention
The Friday (April 24) of the state conference will include retired officers Group Caucus and dinner. The happy hour starts at 1700 on April 24th at the Hilton Garden Inn restaurant which shares a skyway with the convention center and the Holiday Inn. Items on the group caucus include election of officers and any resolutions we would like to see forwarded to the national convention.

4. National convention
The national convention in Nashville will be a great time, and I encourage as many retirees to attend as possible. If you have never attended a national convention before, it is an amazing collection of National Guard officers, warrant officers, and friends of the National Guard. Important business and equally important social events are geared towards improving the National Guard as a whole. Because of previous efforts, funding for National Guard equipment has never been higher, Tricare is now available to guardsmen and their families, and the National Guard now has a 4-star general. None of this would have happened if the National Guard didn't have a unified voice to back their amazing soldiers.

Legislative Report

MAJ (Ret) Carl Madsen

Alternate to the VP- Legislative Affairs

1. State efforts

Ltc Scott Chambers and MAJ (Ret) Carl Madsen have attended many Military Action Group (MAG) meetings on your behalf in the last two years. "Working to Make Minnesota Veteran Friendly", the MAG is a collaborative body of individuals who advocate for improved policies and practices that benefit Veterans in the state of Minnesota, principally through legislation. The MAG operates as a "think tank" for ideas that – because of the group's non-partisan approach and independence from established Veteran organizations – seeks to provide innovative legislative and advocacy approaches to those who shape policy for veterans. Current initiatives for the MAG are the following:
A. Support for the Minnesota Bipartisan Veterans Initiatives
B. Legislation for Preferred State Contracting for Service Disabled Veteran-owned Businesses

C. More robust "Veterans Preference" legislation to provide qualified Veterans a preference in hiring for most Minnesota public employment positions
D. "2nd Career" Military Retirement Pay Tax Exemption... 2nd Career Military men and women are a key demographic who represent committed, life-long citizenship, increasingly vital to Minnesota's future economic development

2. Your support

On our website is a link to the Legislative Alerts from the national association. It is very easy to click through the links provided on this website to contact your representatives in Washington and let them know you are standing up for the National Guard. Each week during the times when congress is in session new Legislative Alerts will be placed on the website. Your representatives sometimes have little information on what is important to you, and they simply want to see how many emails, letters, and phone calls they have received from their constituents on a particular matter before they vote. Let your voice be heard, and do it over and over again!

Webmaster Article

MAJ (Ret) Carl Madsen

<http://www.ngamn.org>

1. Group pages

Each group of the National Guard Association of Minnesota now has a page on the website dedicated to their organizations. Your group representatives have the information on how to update these pages, and many are keeping their sections current. Look for your group on the left side links.

2. Links to national

Along with the Legislative Alerts that are so critical to the national association, a link to their home page and to the national convention is easy to find on our website. Included on their home page is The Commission on the National Guard and Reserves memo, mobilization issues directive, a video explaining Tricare, and details of our Legislative Objectives for FY10.

3. Dues payment

We have continued to offer encrypted, secure online dues payment on our website. You will also be able to register for the state conference online by the time you read this article.

4. Advertising

If you know of an organization that would like to advertise on our website,

we offer rotating ads on all of our pages. Companies and corporations that join at the Lieutenant level (\$250) can submit artwork to Walt Schulz, which would include a link to their website.

JFHQ Report

Col Paul Cummings

JFHQ welcomes a new Assistant Adjutant General, BG Jeff Bertrang. BG Bertrang comes to St Paul from Troop Command, with his previous assignment being with the 34th Division.

This is a critical time for national security interests at home and abroad. With the economy in recession, people out of work, and tax revenues down the new Administration has to grapple with how to balance defense spending with the nations other needs. Decisions made this year could affect how the National Guard is equipped and manned for years to come. JFHQ personnel are working with the National Guard Bureau as Congress debates plans to formulate and implement an Economic Stimulus Package to create jobs and turn around our economy. National Guard military construction (MILCON) projects represent a ready-made solution to improve readiness and put people to work across our country. The Minnesota Army and Air National Guard have a backlog of construction projects that are "shovel ready" but lack funding due to constrained MILCON budgets. It is critically important that you contact your Members of congress and re-emphasize the need to significantly increase the appropriation for National Guard military construction. Investing in our facilities now will help insure the National Guard remains a viable force well into the future.

Aircraft procurement also generates employment and economic activity. The new Administration is reviewing all new major weapons systems programs. New fighter aircraft are required to enable the Air Force and Air National Guard to protect America airspace in the future. A strong National Guard Association with a high percentage of membership translates to a strong Air National Guard, properly equipped to perform all missions required to keep the country safe.

34th ID Report

MAJ John Wisniewski

The 34th ID HQ (Main and Tactical Command Posts, Special Troops Battalion, Band and MPs) have finished their training and are about to depart for FT Lewis, Washington. They are eager to put into action everything they have

learned thus far. The 34th ID, in conjunction with Deployment Cycle Support, hosted an "Employer Symposium" at Best Buy Headquarters on 30th January. It was a chance for Employers of the deploying Soldiers to hear about 34th ID upcoming mission, how they benefit from having Guard members in their workforce and how they could team up with the MNARNG in future opportunities supporting our Soldiers. The departure ceremony is planned for 10 Feb at Roy Wilkins auditorium with a steak dinner to follow for the Soldiers and their families hosted by "Serving our Troops". Once they complete three days of Home Station Activities, the 34th ID will depart for FT Lewis, Washington. There they will spend the next two months completing their final train-up before they depart in support of Operation Iraqi Freedom. The 34th ID is scheduled to be deployed to southern Iraq where they will set up their base of operations.

Brigade Report

As we head into the New Year, 1st Brigade Combat Team looks forward to a challenging and exciting training year. In addition to fielding numerous sets of new equipment, the battalions of the brigade will continue to hone the skills necessary to conduct or wartime mission. Many soldiers of the brigade will be participating in the annual Norway exchange in a company handpicked to represent the MN Army National Guard. We also recently welcomed back one of our battalions, 2-135 Infantry, based in Mankato, from Kosovo where they executed duties of the KFOR mission.

The brigade has made significant progress toward integration with communities via the Yellow Ribbon community initiative and Warrior to Citizen Campaign. These projects include a collaboration of citizens, businesses, community organizations, faith groups, soldiers, veterans and their families to support deployed soldiers and reintegrate returning soldiers.

1-125 Field Artillery will be hosting the 2009 officer's conference in Mankato, which promises to be a great event. The 2009 NGAUS membership drive is well underway with our goal being 100% participation. We at the brigade understand the importance of the role of NGAUS and how important it is that we maximize the participation of unit members.

1st Brigade Combat Team continues to be a strong supporter of MN NGAUS and looks forward to another year working with the Association to accomplish its goals.

State Sponsored Life Insurance (SSLI)

The National Guard Association of Minnesota sponsors six different Group Life Insurance Policies in the Minnesota National Guard SSLI Program. For members under age 50 we offer up to \$510,000 what NGAMN calls the Jumbo Option. The Jumbo Option is a combination of \$250,000 of coverage under the USBA Level Age 50 Plan; \$250,000 of coverage under the AFBA Better Alternative Plan; and \$10,000 coverage under the MIT Plan. Example; a non smoking member under age 50 for \$510,000 of SSLI coverage is \$35.66 per month.

Those members over age 50, NGAMN sponsors a life time policy, the USBA Generation 3 group life policy. The premium and benefit are designed to remain level for life. Example – the current premium for a non smoking male member, insured at age 50 for \$25,000 of coverage is \$24.09 per month. We encourage all members over age 50 to enroll in this group life insurance plan.

Key Benefits of the SSLI

1. **Over \$500,000 in coverage available for the Minnesota National Guardsman through a combination of the SSLI plans.**
2. **Coverage available for the spouse and children.**
3. **Rates do not go up just because you separate from the National Guard –you can keep the coverage when you separate.**
4. **Coverage 24 hours a day, 365 days a year.**
5. **No War Exclusion – you are covered in combat.**
6. **No Aviation Exclusion – aviators are covered.**
7. **New Recruits are eligible for \$10,000 SSLI coverage under the MIT Group Life Insurance Plan at no cost for the first year of service in the Minnesota National Guard. Enrollment must occur within 90 days of joining the Minnesota National Guard.**
